### **UAC Digital | Let's Chat – Early Entry**

17 June 2021, 6pm

Online

While the ATAR is still the main selection tool used by most unis, there are other ways for you to show that you're ready to succeed at uni. Many institutions have one or more early offer schemes for Year 12 students. Through these schemes, institutions assess you using criteria other than (or in addition to) your ATAR.

We'll give you an overview of the Schools Recommendation Scheme (SRS) and discuss:

- how to apply
- whether you're guaranteed early entry if you apply
- other universities' direct early entry schemes
- how many early entry schemes you can apply for.

Find out more: <https://uacdigital.easywebinar.live/earlyentry-43>

### **UAC Digital | Let's Chat – Business, Commerce and Economics**

23 June 2021, 6pm

Online

In this session we'll give HSC students and their parents the information they need when applying for a Business, Commerce or Economics degree. We'll be joined by university experts to discuss:

- which HSC courses are recommended for these degrees
- available degrees and majors
- entry requirements
- the differences between commerce and economics degrees
- what to do if you don't meet your dream course's entry requirements.

And we'll give answers to the most commonly asked questions!

Find out more: <https://uacdigital.easywebinar.live/business>

### **ACU | Talk with Teachers**

Tuesday 5 October 2021, 6pm - 7pm

Online

If teaching is your dream, you will get the chance to make a huge difference to the lives of young people. You'll shape minds, inspire ambition and impact the future.

Join us online to hear from ACU teaching alumni who are working in education. Take part in a Q&A session with our graduates and learn about their experiences going from the lecture halls to leading their own classrooms and how they make a difference to young people's lives.

Find out more: <https://www.acu.edu.au/about-acu/events/2021/october/talk-with-teachers>

### **ACU | Talk with Occupational Therapists, Speech Pathologists and Physiotherapists**

Wednesday 6 October 2021, 6pm - 7pm

Online

Allied health practitioners help us live life to the fullest. You can diagnose, treat, and rehabilitate patients, and help improve their quality of life.

Join us online to hear from ACU alumni about their experiences improving people's quality of life. Take part in a Q&A session with our graduates and learn about the rewarding and challenging careers of occupational therapists, speech pathologists and physiotherapists.

Find out more: <https://www.acu.edu.au/about-acu/events/2021/october/talk-with-occupational-therapists-speech-pathologists-and-physiotherapists>

### **ACU | Talk with Exercise Scientists**

Thursday 7 October 2021, 6pm - 7pm

Online

A career in sport and exercise science will allow you to help people achieve peak performance and optimal health and wellbeing.

Join us online to hear from ACU alumni about their experiences working as exercise scientists and clinical exercise physiologists. Learn from our graduates who have worked in community or private practice as accredited exercise physiologists.

Find out more: <https://www.acu.edu.au/about-acu/events/2021/october/talk-with-exercise-scientists>

### **Pathways to ACU**

Wednesday 15 December 2021, 12pm - 1pm

Online

If you didn't receive the ATAR you wanted, don't worry, there's more than one way into university. We'll take you through the entry pathways to ACU, including diplomas and Foundation Studies that can give you access straight into the second year of your preferred bachelor degree.

Find out more: <https://www.acu.edu.au/about-acu/events/2021/december/pathways-to-acu>

### **UOW | Year 12 Online Information Evening**

Tuesday 29 June 2021, 6pm

Online

UOW information evenings are designed for students and parents who would like to know more about studying at UOW.

You probably know what degree you're interested in, the ATAR you need – and we're more than happy to go through this with you – but we know that you'll need to know where you're going to live, how much it will cost, how will you make friends and more. We know because we asked the exact same questions when we were in year 12!

In this virtual session we will also talk about:

- UOW Early Admission
- Your ATAR and selection rank (and what it means)
- Important dates and key things to remember for UAC applications
- Our Scholarships
- Opportunities for high-achievers
- UOW's global sports programs
- Student accommodation
- The degrees and opportunities available for you at UOW
- Your options if you don't get the ATAR you need
- Clubs & Societies and Student Life

### **UOW Dean's Scholar Program**

The Dean's Scholar (DS) Program in the Faculty of the Arts, Social Sciences and Humanities aims to provide an enriched educational experience for high-achieving, motivated students. The program is designed for students hoping to make contribution to fields of study through teaching or research, or as professionals.

The program offers many benefits and enriches your education through:

- Seminars and workshops
- Leadership opportunities
- Access to shared study area and work space
- Moodle site
- Dean's Scholar coordinators, who can assist you to monitor your progress and provide insight to study options, including admission into an Honours program.
- Specialised Dean's Scholar subject to extend and enrich your learning journey

Find out more about the Dean's Scholar Program here: <https://www.uow.edu.au/the-arts-social-sciences-humanities/current-students/deans-scholar/>

### **University Of Wollongong Early Admission - Subscribe for updates about applications for 2022**

To get through these challenging times, you need certainty and support. It's why UOW Early Admission is now more important than ever. The world needs determined, driven students like you to help us face the challenges that lie ahead. So why wait? Get in early.

Early Admission is UOW's early offer program for Year 12 students. Rather than relying on an ATAR, we assess your Year 11 results as part of your application, and will support you in earning a place at UOW before you sit your first exam, meaning less stress and a guarantee you can start uni.

### **UTS Adjustment Factor Caps**

You may apply for and receive adjustment points from more than one admissions scheme (check each scheme for eligibility criteria) but some faculties at UTS apply a cap to the total number of adjustment points that you can receive for their courses:

Business - 10 point cap

Design, Architecture and Building; Engineering and IT – 13 point cap

<https://www.uts.edu.au/futurestudents/undergraduate/admissionrequirements/admissions-schemes>

### **UTS 2022 intake update for Year 12 students**

UTS understands that there has been considerable disruption to your studies due to COVID-19 and some of you are feeling uncertain about how your plans to start at university in 2022 will be affected. We're committed to ensuring you have clarity about your path to uni and that you are supported through an equitable admission process. Year 12 students can apply for our admission schemes, including the educational access schemes (inpUTS) and Schools Recommendation Scheme. Both these schemes are aimed at helping Year 12 students gain equitable entry into university by taking into account specific personal circumstances along with your ATAR when considering your application. The first offer round for current school leavers is December Round 2.

### **Study Work Grow Co-op Scholarships Guide**

More than just money, a co-op scholarship can provide you with tons of extra benefits, including guaranteed accommodation, mentoring opportunities, access to exclusive resources, and so much more.

If you're interested in applying for a co-op scholarship, don't forget to take a look at our new [2022 Co-op Scholarships PDF Guide](#). It's packed with all the info you need to know about co-op programs available around Australia.

### **University of Sydney Mathematics Prerequisites**

The University has [mathematics course prerequisites](#) for some courses. This means that to study certain degrees, students will need to achieve a Band 4 in the NSW Higher School Certificate (HSC) Mathematics (not general mathematics) or [equivalent](#).

- If students don't meet the mathematics requirements, they may be able to:
- complete the [Mathematics MOOC](#) (Massive Open Online Course) and exam
- apply for another course and then transfer into their preferred course in their second year (after successful completion of an accepted 1000 level mathematics unit).

<https://www.sydney.edu.au/study/how-to-apply/undergraduate/mathematics-prerequisite.html>

## **UNSW HSC Maths Course Selection**

While we encourage everyone to study the level of maths at which they feel sufficiently challenged, below are some guidelines for the minimum level of maths required for some of our degrees. Please also see Assumed Knowledge for more information. Studying at least HSC Mathematics Extension 1 will leave your options open when you choose your university degree. Knowledge of mathematics is a useful skill in any profession, even if it is not required for a particular course. No doubt, you will have to use mathematical tools such as graphs and statistics for the rest of your life. Learning mathematics also teaches you to approach problems in a systematic and logical way. This is a transferable skill that is particularly important in project management and it is an important skill for life. <https://www.maths.unsw.edu.au/highschool/hsccourse-selection>

## **University Ratings and Rankings in Australia**

The ratings that appear on this site were published in the 2021 edition of The Good Universities Guide. The ratings provide independent five-star performance ratings for every university in Australia, based on student-relevant criteria such as; graduate salaries, teaching quality, learning resources, graduate employment rates and much more.

## **NECA Electrical Practice Tests**

NECA have put together resources to help Students prepare for Aptitude tests in the electrical Industry.

To be an electrician requires you have to be able to make calculations relating to electrical design. It is important to have a good understanding of sums, algebra, geometry and trigonometry. Working with Electrical can be hazardous when miscalculations occur.

Geometry comes into play when calculating cross sectional areas of cables and algebra is used when calculating current (Amps) and electrical loads.

Trigonometry comes into play when you start to look at capacitance and magnetism.

Below we have listed a number of link to Aptitude tests, we strongly recommend you practice these tests prior to sitting your aptitude Exam.

### **From UAC: HSC students: don't stress! Here's a quick and simple ATAR explainer without all the jargon.**

It's important to remember that the ATAR tells you about where you're placed among your cohort (your rank); it's not a mark out of 100 or a percentage. Its only purpose is to help universities select students for their courses.
