

# TASS - A Parent Guide to changing Personal Details

2021

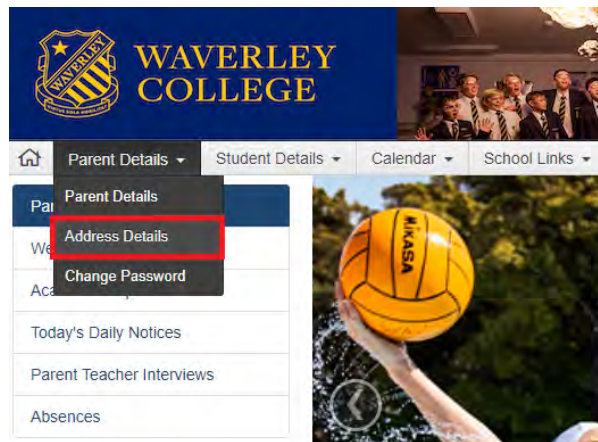

In March 2021 Waverley moved to a new Parent Portal hosted by the TASS Student Administration System. As a result parents no longer use the old Sentral portal for accessing School and student information.

The TASS platform provides access to a range of information including the ability to view notifications of pastoral care incidents that involve your son.

- Log in Parent Lounge at <https://tass.waverley.nsw.edu.au/parentlounge> with your Family ID & Password

- Click on PARENT DETAILS and then select ADDRESS DETAILS

- Select one of the following options to edit your details.

- Update the information as required and click **SUBMIT CHANGES**. This will notify Waverley College of the new changes and we may follow up with a call just to verify the change.
